

## **CALL for PAPERS - XXIII International Symposium on Combustion Processes**

Dear Colleague,

On behalf of the Organizing Committee it is my sincere pleasure to invite you to participate in the XXIII International Symposium on Combustion Processes 2017 which will be held on September 3-6, at Rewita WDW Rynia beautifully situated of the eastern shore of the Zegrzyński reservoir (32 km from the centre of Warsaw), Poland. Conference is organized by the Institute of Heat Engineering Warsaw University of Technology and the Polish Section of the Combustion Institute with support of the Thermodynamics and Combustion Committee of the Polish Academy of Sciences .

The conference aims to provide a forum for the presentation and discussion of current research activities in the field of combustion processes. Major topics will be introduced through keynote lectures that will be presented by internationally recognized experts.

A set of contributed papers will be selected for post-conference publications in the following journals: Journal of Power Technologies, Archivum Combustionis, Energy&Fuel .

We would like to kindly ask you to register for the conference: <http://www.iscp2017.itc.pw.edu.pl> which will result in including your email to the distribution list. All relevant information are available on the conference website – <http://www.iscp2017.itc.pw.edu.pl>.

I kindly ask you to inform Your colleagues about the XXIII International Symposium on Combustion Processes.

I look forward to meeting you in Rewita Rynia, Poland.

Prof. Andrzej Teodorczyk  
Chairman of the Organizing Committee  
Warsaw University of Technology
